To Whom It May Concern:

My name is Suzanne [REDACTED] and I teach an enrichment program in the Roslyn School District in New York. My students in the 4<sup>th</sup> and 5<sup>th</sup> grade have taken on various roles to run a school store. The store is a way for students to replenish their supplies throughout the school year. The school store employees give up their recess to create advertisements, work on our website, order supplies, take inventory and sell the goods.

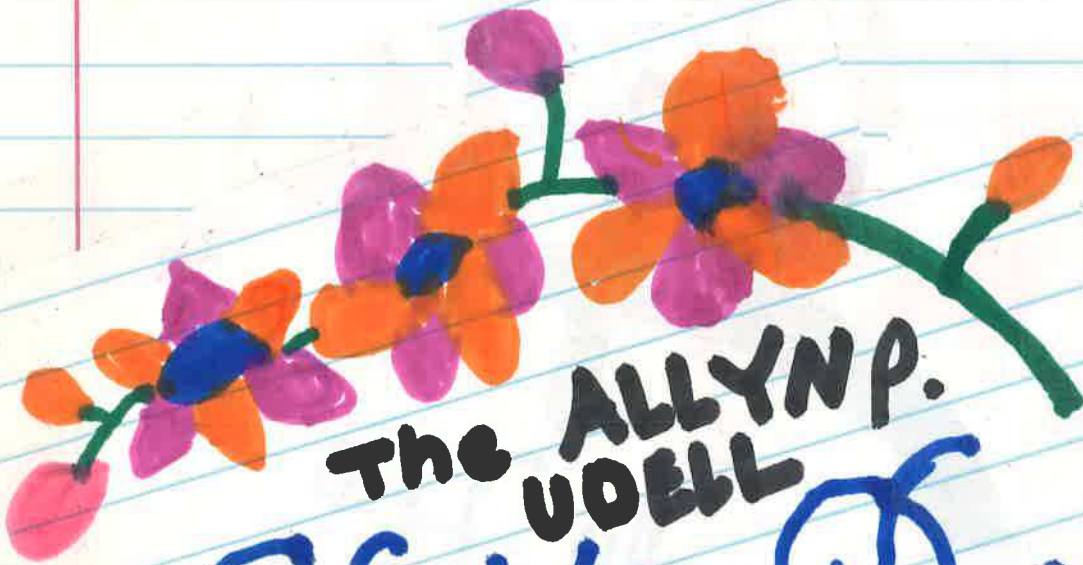

I am so proud of my students' success with the school store. Not only did they learn the fundamentals for running a business, but they earned over \$1,000 in the past two years! The children had a business meeting and voted to donate the profits from the store to charity. Your charitable organization was one of the two charities they chose to give to.

On behalf of the Harbor Hill School Store, I would like to present your charity with a donation in the amount of \$200. Thank you for all that you do to help people each and every day.

Sincerely,
